

# **Iowa High School Music Association**

## **Required Literature List**

### **Concert Band Large Group Music Festival**

(revised 2/26/2009)

**Mission Statement:**

The purpose of the Iowa Bandmasters Association Literature Review Committee is to manage and nurture the IHSMA Large Group Festival Concert Band Required Literature List by:

- conducting an overall evaluation process.
- reviewing recommendations for submission and deletion of literature.
- recommending the approval of the list to the Iowa High School Music Association Executive Committee.

**Regulations:**

1. One selection from the required list **must** be performed by a registered ensemble. Obviously, other selections can be taken from the list, but a single selection satisfies the requirement.
2. The required selection must be designated by an asterisk (\*) prior to the title on the adjudication form.
3. The required selection must be performed in its entirety to constitute a legal performance.
4. To be considered the required piece, a multi-movement work must be performed in its entirety unless it is over the time limit in which case a movement may be eliminated to reduce the performance to within the maximum time limit. Any exception to this must be submitted to the Literature Review Committee for review prior to the February 1 petition deadline.
5. Festival performances in which the required selection is not performed or completed, ballots and ratings will be withheld by the festival management. The performances ratings will be disqualified by the Executive Director.
6. Any proposed exception to Regulation No. 1 in any particular year must be submitted to the Literature Review Committee prior to February 1. The proposed literature for inclusion at the spring large group festival must be submitted in score form with a complete recording. March 1 will serve as the notification date concerning the acceptance or denial of a petition. Petitioned compositions accepted for performance at the spring large group festival will then be considered for long term inclusion by the Literature Review Committee.

**List Management:**

Submissions for long term changes to the Required Literature List must be submitted to the Literature Review Committee prior to February 1 of each year. The submission must include a score, a complete recording, and a completed form. The Literature Review Committee has the authority to add and/or delete music as deemed necessary.

**Literature Review Committee:**

District Presidents will send names forward of one person from each classification and one college director to the Iowa Bandmasters Association Executive Board by June 1. The Board will choose one person from each classification and one college director. The Concert Band Affairs Committee will appoint one representative to the Literature Review Committee. Members will serve 3 year terms on a rotating basis, with the option of repeating a term (maximum of 6 years). No more than two people from a district are to be appointed by the Board. The college director and Concert Band Affairs Committee Member will have no bearing on the district limitation. The Executive Director of the Iowa High School Music Association will serve as the recording secretary for all business conducted. All seven members of the committee are voting members. District Presidents do not have to submit names if willing or worthy candidates within their district are not available.

## Literature Inclusion Criteria:

- The composition has **form – not a form, but form** – and reflects a balance between repetition and contrast.
- The composition reflects **shape and design** and creates the impression of conscious choice and judicious arrangements on the part of the composer.
- The composition reflects **craftsmanship in orchestration**, demonstrating a proper balance between transparent and tutti scoring, and between solo and group colors.
- The composition is **sufficiently unpredictable** to preclude an immediate grasp of its musical meaning.
- The composition is **consistent in its quality** throughout its length and in its various sections.
- The composition is **consistent in its style**, reflecting complete grasp of technical details and clearly conceived ideas.
- The composition **reflects ingenuity in its development**, given the stylistic context in which it exists.
- The composition is **genuine in idiom** and is not pretentious.
- The composition **has musical validity** which transcends factors of historical importance, or factors of pedagogical usefulness.
- The composition **should not be of a popular or show tune genre**.
- The composition **should not be a march** that follows the basic form of the **quick-step or street march**. The concert or symphonic march will be considered on individual merit according to its style and form.
- The composition **should not be written for solo instrument(s) and band**.
